

I Introduction

Peanut Sieve, Stainless Steel Sieving Plate, ZBJ Packing Machine, LQ Cold Selecting Line

Model SX80-4、SX100-4 Sieve

- ☞ The machine is compact in structure, reliable in working, whole sieving and convenient in operation. It can select peanut seeds in 4-5 sizes. One time can meet users's requirement on grading standard.
- ☞ The upside plate and downside plate compose of the sieving plate. Special Innocuity Rubber Ball added inside to avoid of jaming in holes. It has the features that well-proportioned in holes, hardness, durable using, long life, not easily out of shape, precision of grading.
- ☞ The machine is composed of process of feeding material, cooling, selecting material, dust sucking. It uses stainless steel net and equipped with fan with big air volume. It has the features of quick time cooling, high automatic, easily operation, no noise. It is popular among users.

KX—B Electrical Roasting Tank, Peanut Cleaning Machine, Peanut Milling Machine, TP-A White Peanut Kernel Peeler

Peanut Roasting Line

II Main Machines

GC1000 Peanut Cleaner

Feature: This machine is composed of charging spout, brush roll, driving part, vibration sieve, and drainage facility and inlet channel. This equipment features good cleaning effect, low crashing ratio, convenient sewage discharge, high output and no environment pollution and is a perfect processing equipment in the roasting peanut assemble line.

Tech.data: Capacity: 1000KG/1HOUR
Power: 4.0KW
Dimension: 3000*1900*1300(MM)

LY-B Peanut Sheller

Tech.data:

| | |
|-----------------|-------------|
| Capacity: | 1000kg/hr |
| Shelling ratio: | ≥99% |
| Crushing ratio: | ≤5% |
| Clean degree: | ≥97% |
| Damage Ratio: | ≤4% |
| Power: | 11.5kw |
| Operator: | 3-4 workers |

Peanut Sieve

| | |
|----------------------|------------------|
| Specification: S×80 | Capacity: 2.5t/h |
| Specification: s×100 | Capacity:4t/h |
| Specification:s×120 | Capacity: 8t/h |

Peanut Drier

| | |
|--------------------|-----------------|
| Capacity: 1200kg/h | Power: 16.5kv |
| Frequency: 50HZ | Voltage: 380v±5 |
